## NOTICE OF PUBLIC MEETING GONZALES COUNTY UNDERGROUND WATER CONSERVATION DISTRICT MEETING OF THE BOARD OF DIRECTORS

The Directors of the Gonzales County Underground Water Conservation District will meet in a public session on October 10, 2017 at 5:30 p.m. at the Gonzales County Court House in the Commissioner's Court Room, Gonzales, Texas.

**The Directors will discuss and possibly take action on a resolution adopting the Groundwater Management Area 13 Proposed Desired Future Conditions and Relevant Aquifer Designations as listed below.**

1. Due to limitations with the model as described in Technical Memorandum 16-08, two proposed desired future conditions were selected for the Carrizo-Wilcox, Queen City, and Sparta aquifers:
  - The first proposed desired future condition for the Carrizo-Wilcox, Queen City and Sparta aquifers in Groundwater Management Area 13 is that 75 percent of the saturated thickness in the outcrop at the end of 2012 remains in 2070. This desired future condition is considered feasible despite model predictions to the contrary as detailed in GMA 13 Technical Memorandum 16-08.
  - In addition, a secondary proposed desired future condition for the Carrizo-Wilcox, Queen City, and Sparta aquifers in Groundwater Management Area 13 is an average drawdown of 48 feet for all of GMA 13. The drawdown is calculated from the end of 2012 conditions to the year 2070. This desired future condition is consistent with Scenario 9 as detailed in GMA 13 Technical Memorandum 16-01 and GMA 13 Technical Memorandum 16-08.
2. The desired future conditions for the Yegua-Jackson Aquifer in Groundwater Management Area 13:
  - For Gonzales County, the average drawdown from 2010 to 2070 is 3 feet
  - For Karnes County, the average drawdown from 2010 to 2070 is 1 foot
  - For all other counties in GMA 13, the Yegua-Jackson is classified as not relevant for purposes of joint planning.
3. Declaration of non-relevant aquifers in Groundwater Management Area 13:
  - Groundwater Management Area 13 does hereby document, record, and confirm that the Edwards (Balcones Fault Zone), Gulf Coast, and Trinity aquifers are not relevant for purposes of joint planning and therefore not requiring the establishment of DFCs by GMA 13, nor the determination by the Texas Water Development Board (TWDB) of Modeled Available Groundwater (MAGs) for those aquifers in GMA 13

Groundwater conservation districts located wholly or partially within Groundwater Management Area 13 include: Edwards Aquifer Authority, Evergreen Underground Water Conservation District, Gonzales County Underground Water Conservation District, Guadalupe County Groundwater Conservation District, McMullen Groundwater Conservation District, Medina County Groundwater Conservation District, Plum Creek Conservation District, Uvalde County Underground Water Conservation District, and Wintergarden Groundwater Conservation District.

Members of the public are invited to attend and provide oral comment, testimony, and/or submit other documentation and information relevant to the Proposed DFCs and Relevant Aquifer Designations to the Board of Directors.

**NOTICE OF PUBLIC MEETING  
GONZALES COUNTY UNDERGROUND WATER CONSERVATION DISTRICT  
MEETING OF THE BOARD OF DIRECTORS**

If unable to attend the Public Meeting, members of the public are invited to submit written comments, testimony, and/or other documentation and information relevant to the Proposed DFCs and Relevant Aquifer Designations to the Board of Directors at the District Office located at:

Gonzales County Underground Water Conservation District  
Attn: General Manager  
P.O. Box 1919  
920 Saint Joseph Street, RM 129  
Gonzales, TX 78629  
[greg.sengelmann@gcuwcd.org](mailto:greg.sengelmann@gcuwcd.org)  
830.672.1047

The above agenda schedule represents an estimate of the order for the indicated items and is subject to change at any time. These public meetings are available to all persons regardless of disability. If you require special assistance to attend the meeting, please call 830.672.1047 at least 24 hours in advance of the meeting to coordinate any special physical access arrangements.

At any time during the meeting and in compliance with the Texas Open Meetings Act, Chapter 551, Government Code, Vernon's Texas Codes, Annotated, the Gonzales County Underground Water Conservation District Board may meet in executive session on any of the above agenda items or other lawful items for consultation concerning attorney-client matters (§ 551.071); deliberation regarding real property (§ 551.072); deliberation regarding prospective gift (§ 551.073); personnel matters (§ 551.074); and deliberation regarding security devices (§ 551.076). Any subject discussed in executive session may be subject to action during an open meeting.
